MESSAGE FROM OUR POTENTATE

Hello, nobles and ladies

First, thank all the nobles again for letting me be your Potentate; I am still trying to reel it in. At the time of this writing, it has only been a week, and the calls and questions have been coming to you; Past Potentates' yup, you were right. To those of you who can attend the installation of officers of Moslem Shrine, Thank You, nobles and ladies.

The Grandmaster and a massive group of grand lodge officers attended as well; Moslem would like to thank all the Grand officers of Michigan, especially Grandmaster Len and his lady Anita for asking your Grand lodge officers to be there; I don't think I have seen that many Grand lodge officers at a Shrine event ever, again thank all of you I know many had a very long drive to attend.

To the Commandery, LOS, Daughters of the Nile, Saladin, EL. K, thank you for coming.

I know the directory was slow to be printed, which I apologize for; there were a lot of issues taking place in 2022, and I will be honest with all of you there was a small part of me that was concerned that I would not be elected. Hence, I dragged my feet on some things the directory was one of them.

When this issue has been printed and sent out, one of our most significant events will already have been the Moslems Sportsman Raffle. To PP Mike Z, thank you for all your hard work all year long planning this major fundraiser for Moslem, and to lady Di for letting him do it. This is one event that every noble, lady friend and family volunteers for; this event helps our general fund; thank you all for your hard work.

We have our Shrine Circus coming this month 9th to the 12th. I hope we have as many Nobles and Ladies show up for the circus as we have at our Sportsman Raffle.

A notice of a special meeting will be going out to the Nobility regarding the property purchased on Grand River; the meeting will take place at Suburban.

I have a couple of things I would like to talk about. First is membership; we have a shrinking membership our membership chairman is working hard to recruit members, but to all of you that we need to find new members for Moslem, please Nobles and Ladies alike; look around; please, without members, there is no Moslem.

Secondly, we need members to help and volunteer if Moslem doesn't have volunteers. Other volunteers will be brought in from elsewhere to fill the gaps.

I will repeat this over, and this year WE NEED YOU. 1 show, two shows, ½ a day, a full day all weekend; please come and Help; it's all about fun and fellowship.

FEB 9TH - 12TH

In Memory Of

John W. Thornhill

May 1, 1932 - January 17, 2023

John W. Thornhill, age 90 of Farmington Hills, passed away on January 17, 2023.

John ("Jack") leaves behind his beloved wife Mary ("Maisie") of 71 years. John was a loving and devoted father to Diana (David) Copp and Lori Ann (George) Thornhill-Childress, as well as a proud grandfather to Brendan John Childress. He was the dear brother of the late Evelyn (the late Wesley) Hanson, Edward (the late Velma) Thornhill and Gilbert (Rebecca) Snyder.

Born in Detroit, Michigan, John got his first job at age 10 as a newsboy. Following graduation from Northwestern High School, he studied at Highland Park Junior College and worked at Kroger and later Gemmer Manufacturing Company until he was drafted into the Army, serving from 1952 until 1954. Following his honorable discharge, John began work at Chrysler Corporation and remained there until he retired as a General Foreman in 1987.

John was a lifelong fan of the Detroit Tigers, Red Wings and Lions, in good and bad years. He loved sports, was a great athlete and had a chance to try out for the New York Yankees but the Army called.

John's wife Mary was born in Belfast, Northern Ireland. Together and with their daughters, they traveled the U.S. and the world, including many trips to Ireland and England to visit family and always enjoying learning about the places they visited.

John grew up attending St. John's Episcopal Church in Detroit before transferring to the Church of the Redeemer in Southfield. At both Churches, he was active on the Vestry, served as Sunday School Chairman and as a Lay Reader.

John's best friend was Austin Pate. They grew up together attending services and Boy Scouts at St. John's Church. Once they both had married (Austin to Jeanne) and had families, the friendship grew even closer as the families bonded, sharing godchildren, vacations, holidays and social engagements. The closeness between the families continues to this day and we are certain that Austin, along with Jeanne, was the first to welcome John to his heavenly home.

John tirelessly devoted his time to many charitable and service organizations. John was a chaplain for the American Legion. In 1957 he joined the Masons and was raised as Worshipful Master of University Lodge 482 in 1966. John was a lifetime member of the Masons, based at Northville Lodge 186. In 1978, John joined the Scottish Rite, Valley of Detroit, rising to the rank of Sovereign Prince.

John was a long-standing member of Moslem Shrine where he served as Illustrious Potentate in 2001. With the Shriners, John served as Circus Chairman, Director of Child Care and as a Member of the Board at the Chicago Shriners Hospital. He was also Director of the Reception Unit, a member of the Royal Order of Jesters, and Past Masters Unit.

MESSAGE FROM OUR CHIEF RABBAN

On January 29th of this year, Moslem Temple suffered the loss of yet another Nobel who dedicated his time and efforts to the betterment of Moslem Temple. Illustrious Sir Michael Spensley P.P. made the journey to be with his wife, Lora. Not only was Mike the first Potentate that I served as General Chairman for, he was my very dear friend. Mike was a part of my family in a big way. We had many holidays together, and I can't count the social occasions. Mike and I, along with our ladies, had traveled together on many occasions and always had a great time filled with laughter and joy. He was one of my dearest friends, and I will always remember him in the fondest way.

Mike had a sense of humor very few people have. He was extremely quick-witted and a flashy dresser when called for. I was in Florida when Mike called me on Thursday the 26th, and he told me then he had little time left and did not want me to return just to see him. (Fat Chance of that happening) On the day before he passed, he said to me, "I told you not to come back; my response was "Well wouldn't you do that for me" He said to me, " But I'm a better man than you" That was his humor right up to the end. Mike and I spoke almost every day, and the jocularity between us was spectacular. My bride, Hazel, told me she never had to ask who was on the other end of my phone when we spoke. Mike had many friends in the Shrine and will be missed by all who knew him. As for me, there is a hole in my heart that will be there quite some time.

MESSAGE FROM OUR ASSISTANT RABBAN

Nobles all,

As we move into 2023, I wouldn't say we are doing so with a "renewed" enthusiasm, but more a continuation of what has been building for the past couple of years...and we're getting stronger by the day!

Starting early in 2023, we mark the successes of our recent Sportsman's Raffle (thank you again, Ill. Sir Mike Z.), and the same goes for our Shrine Circus, with a big thank you to Ill. Sir Craig, and most importantly, to all of YOU who pitched in and helped to make these events a fun time and the great success that they are.

The Divan has been making serious progress in working to secure a new home for Mighty Moslem (and believe me, this has not been easy), but I can tell you that 2023 is going to be a year marked with excitement and building, so stay tuned for the upcoming special meeting in March, and I think you will all be pleased with the plans we have for our new home! But...these are just plans right now because we can't build a new home without each of you, and we will need your support to move forward because this is for every Noble of Moslem and their families and is the good medicine we all need!

On a more sober note...I'd like to ask that each of us look back at the past year and join me in remembering the many great Nobles who have been visited by the Black Camel. As I write this (Sunday afternoon, January 30th), I just received word that Illustrious Sir. Mike Spensley, P.P. 2012 passed, following Illustrious Sirs Joe Kish, John Thornhill & Larry Ode, along with many other good Brothers and Nobles, to that Celestial Lodge on High.

The best way I know to honor their memory is by emulating them in spirit and in action, proving that their work here was not in vain and they did contribute to making Moslem better, but more importantly, making each of us better!

Sincerely and Fraternaly

MESSAGE FROM OUR HIGH PRIEST AND PROPHET

Greetings Nobles All

Happy New Year

Congratulations to All of the newly installed Officers of Moslem Shriners.

It looked like a record or near-record crowd at the recent 2023 Shriners Winter Sportsman's Raffle. We were only off by 1 or 2 decks on setting a record with Randy's 52-card raffles, and the 50/50 raffle was over \$20,000. I visited many of our Units and Clubs raffles and the rest of the Hall activities. Everyone seemed to be having fun. The food was great, the drinks were cold, and the activities were happening as planned.

I'd like to Thank All of Our Volunteers, Nobles Ladies, Family, Friends, and Guests.

Especially Illustrious Sirs Chum D. Mike Z. Mike D. Craig S. Tim L. Bob O.

Nobles Gary, Sean, Don, Dan, Scott Louie, John Robin, and Troy.

Ladies Jan Diane Michelle Judy, Rose, Sue, Karen, Holly, and Kay.

Also, Steve and the crew from the Country Smokehouse and Blair and his group from Suburban did a great job as well.

And So many others. THANK YOU ALL

We look forward to the Annual East-West Shrine Bowl Game in Las Vegas on February 2nd.

This year's Spring Shine Circus will be inside the Suburban Showplace Collection on February 9th, 10th, 11th, and 12th. Please consider signing up and volunteering. Also, remember that friends and family can help and enjoy the show.

Happy Valentines Day

There will be a Special meeting near the end of February or the beginning of March. Watch your mail for further details.

In closing, I send my Condolences to the Families of those that have been visited by the Black Camel. Including the Family of the Illustrious Sir John Thornhill.

Yours In The Faith

MESSAGE FROM OUR ORIENTAL GUIDE

Greetings all,

Installation has come and gone, and the Winter Sportsman Raffle too. I'd like to thank all that worked so hard for these two events. Thank you, thank you, thank you!

Just a few things to mention so I can keep it short.

I have so much to learn as the new kid on the block in the Divan. What to do, what not to do. I head to Tampa in March to O.G. School with Imperial; that should be a good time.

I'm looking forward to it.

We have a lot going on. The Circus, raffle, looking for a "forever" home, and other events Illustrious Frank has planned will be a busy year, fun too!

Enough from me for now. Please be safe out there, and look out for each other.

Remember, life isn't too bad if you don't take it too seriously.

Yours in the Faith,

Sean Nagoda

From the Desk of the Recorder

As I'm writing this article, I look out the window and I see that winter has finally arrived.

I would like to congratulate Illustrious Sir Michael Zelmanski, PP, his team, and the volunteers who made the Sportsman's Raffle a successful event. Thank you to the Novi Police officers who watched the bank and the raffle floor. A big thank you to those who worked in the bank, Mrs. Pam York, Mrs. Kim Belanger, Mrs. Lynnette Hyde, and Noble Wayne Mueller.

Robert Pate PP
Recorder

I would like to salute the following Nobles who between January 1, 2022, through December 31, 2022, reached the milestone of fifty (50) years as members of Moslem Shriners, Shriners International, and Shriners Children's.

CIRCUS

Shriners Creed

Shriners believe in God and that He created man to serve His purposes, among which is service to others in His name.

We believe that care for the less fortunate, especially children who suffer from burns and crippling diseases, is our institutional calling.

We are patriots, each willing to serve his country with fidelity and courage.

We cherish independence under law and freedom with responsibility.

We honor family, we respect our parents, wives and children. We should instill in our children the tenets of this creed and the heritage from which it emanates.

As individuals we pledge ourselves to integrity, virtue and nobility of character.

Our intentions will be honorable, our relations will be trustworthy and our spirits forgiving of each other.

As brothers we offer each other fraternal affection and respect. Together we will support each other in adherence to this creed, so that we and our communities will be the better because of our fraternity and its principles.

As Shriners we look beyond ourselves to serve the needs of others, especially children who cannot help themselves. We believe Shriners Hospitals to be the world's greatest Philanthropy, and we covenant with each other to support its "temples of mercy" with spirit, time, talent and means.

Nobles All - Greeting

From time to time, I am questioned about what Shriners Children's can or cannot treat. I have attempted to compile a very comprehensive list.

Since our first hospital opened its doors in 1922, providing care for pediatric orthopaedic conditions has been a foundation of Shriners Children's. We can help children with essentially any orthopaedic condition, other than an acute trauma.

Orthopaedic Care

Shriners Children's provides medical and rehabilitative services to children with congenital deformities and conditions, problems resulting from orthopaedic injuries, and diseases of the neuromusculoskeletal system.

Innovative treatment and therapies

Many of our locations provide pediatric orthopaedic care. Commonly treated conditions include:

- Clubfoot
- Hand disorders
- Limb deficiencies/discrepancies
- Legg-Calvé-Perthes disease and other hip disorders
- Scoliosis (curvature of the spine)
- Osteogenesis imperfecta (brittle bone disease)
- Juvenile idiopathic arthritis
- Orthopaedic problems associated with cerebral palsy and spina bifida
- At 12 of our locations, the orthopaedic physicians and clinical staff have access to motion analysis centers. These high-tech facilities use a system of reflective markers, high-speed cameras, and computers to develop a model of a child's walking pattern that can provide data to assist the medical team in recommending the best treatment plan.

Pediatric Orthotic and Prosthetic Services, LLC

In addition to innovative treatments and therapies, several Shriners Children's have in-house pediatric orthotic and prosthetic services (POPS) departments. The POPS teams fabricate custom-fit devices in kid-friendly environments. Collaborating closely with physicians, nurses, and occupational and physical therapists, the best possible outcomes are achieved for their patients.

Services to support optimum health and independence

Our goal is to help each child become as healthy and independent as possible. We provide a complete range of appropriate medical and rehabilitative care to achieve this objective, including surgeries; physical, occupational and recreation therapies; and orthotic and prosthetic services.

At Shriners Children's, each patient receives an individualized care plan incorporating the full range of needed multidisciplinary services, always incorporating the patient and family's goals, and addressing their concerns.

Burn Care

The Shriners Children's locations that specialize in burn injuries have been leaders in burn care, research, and education since opening in the mid-1960s. Thanks to the cutting-edge medical care provided at these hospitals, thousands of children have a greater chance of surviving from all types of burn injuries. every year.

Burn care and other specialized services

The Shriners Hospitals specializing in burn care provide critical, surgical, and rehabilitative care to children with varying degrees of new and healed burns. Each state-of-the-art hospital is staffed and equipped to provide

reconstructive and restorative surgery for healed burns, as well as treatments for various other skin conditions. Three of our four locations that provide burn care also treat cleft lip and palate.

The range of treatments needed by patients with burn injuries can include skin grafting procedures, continuous enteral feeding, infection control and procedures to lessen the effects of scarring. In addition, aggressive rehabilitation is typically necessary, including therapy to improve range of motion, and the use of specially fitted garments, splints and other orthotic appliances to improve the patient's ability and appearance. Once a patient has recovered sufficiently to return to their homes and communities, Shriners Children's helps to ensure a smooth transition through its readjustment and re-entry programs.

The medical staff at Shriners Children's is renowned for their expertise in critical care, particularly in techniques that may help save the life of a patient with severe burn injuries - such as fluid resuscitation, management of smoke inhalation, early excision and skin grafting, and management of increased metabolism.

Since Shriners Children's entered the burn care field, the survival rate for children with burns over more than 50 percent of their body surface has doubled. In addition, today, patients with burns over 90 percent can survive, and go on to lead full, productive lives.

Spinal Cord Injury

Each year 12,000 new cases of spinal cord injury (SCI) are reported throughout the U.S. Approximately 10 percent affect children under age 16. In the mid-1980s, Shriners Children's established the nation's first SCI rehabilitation programs specifically designed for children and teenagers.

Innovative care contributes to recovery

At Shriners Children's, an interdisciplinary team of surgeons and other physicians, therapists, therapeutic recreation specialists, psychologists, social workers, and dieticians work together to provide individualized, comprehensive care plans for our patients with SCI. In addition to providing treatment, our staff collaborates with the patient's family members to help them understand the social, emotional, and developmental implications of an SCI to help ensure the best possible outcome for the child, including the ability to have a full, productive life.

Innovative therapies offered at Shriners Children's include body weight supported manual treadmill training or robotic treadmill training with the Lokomat, a device that automates movement therapy and improves the efficiency of treadmill training in patients with neurological movement disorders, such as spinal cord injury. Both therapies provide weight-bearing opportunities and can help stimulate muscles and build strength and stamina.

Our programs also offer functional electric stimulation (FES), which is a sophisticated, computerized system that sends small doses of electrical current to peripheral nerves, stimulating paralyzed muscles. FES can be used with specialized bikes to provide an opportunity for exercise.

We also emphasize activity-based rehabilitation, including aqua therapy, pet therapy and adaptive sports. These activities also increase strength and stamina and enhance social interaction, confidence, and independence.

Emphasizing independence and confidence

In addition to exercise and therapy efforts, we offer a range of experiential programs designed to increase independent living skills, build confidence, and strengthen self-esteem.

The health care system's SCI program is designed to provide the complete range of services needed to ensure patients recover to the greatest extent possible.

Cleft Lip / Cleft Palate

At Shriners Children's, patients with a cleft lip and/or palate are treated by a multidisciplinary group of specialists who work as a team to improve the child's appearance and their ability to eat, breathe and communicate. Each patient's unique treatment plan may include surgery, orthodontics, hearing, speech, and psychological therapies, along with specialized support. The goal of the Shriners Hospital treatment program is to help each child achieve optimal function, improve their facial appearance to the fullest extent possible and restore their self-esteem.

Cleft lip and palate deformities are one of the most common birth defects in the U.S., occurring in approximately one of every six hundred births. Clefts occur when the tissues that form the upper lip and roof of the mouth fail to join before birth. Cleft deformities vary in size and because the lips and palate develop at various times, it is possible for babies to be born with a cleft lip only, a cleft palate only, or both. The condition is associated with alterations in oral function including eating, speaking, and hearing due to problems with growth and structure of the face. Cleft lip and palate is corrected by reconstructive surgery in conjunction with multidisciplinary therapies. Cleft lip and palate is a common and serious condition. Shriners Children's is committed to improving care for children with this condition through a comprehensive, coordinated program of clinical excellence, education, and research.

Care for cleft lip and/or cleft palate is currently available at nine Shriners Children's. Available multidisciplinary services include surgery, orthodontics, hearing, speech, psychological therapies, and additional support services. Services may vary at separate locations.

Our mission

Shriners Children's has a mission to:

- Provide the highest quality care to children with neuromusculoskeletal conditions, burn injuries and other special healthcare needs within a compassionate, family-centered, and collaborative care environment.
- Provide for the education of physicians and other healthcare professionals.
- Conduct research to discover new knowledge that improves the quality of care and quality of life of children and families.

This mission is carried out without regard to race, color, creed, sex or sect, disability, national origin, or ability of a patient or family to pay.

Our vision

Become the best at transforming children's lives by providing exceptional healthcare through innovative research, in a patient and family-centered environment.

Should you have any questions regarding Shriners Children's and or treatment provided, feel free to contact me at 313 806 9475 or by e-mail at lpsc2004@yahoo.com

Dear Nobles,

I am pleased to report that at the Sportsman's Raffle, we received 8 petitions from Masons, and we referred eight men to the Grand Lodge who said they were interested in becoming a Shriner but were not yet Masons.

At the Membership Table, we raffled off a JBL Speaker personalized with "Detroit Shriners." Through this, we had 77 people fill out raffle cards with information. As it turns out, one of the new Candidates won the Speaker. He was delighted, to say the least!!

Many of these new Candidates will be Fezzed at the Center Ring of the Shrine Circuses coming up. How about volunteering for a spot at the Circus and being a part of our newest Shriners' Journey in our Mystic Order?

There will be a Membership Table at the Circus as well. But for the Circus, we will be raffling off a 4-foot Shriner Teddy Bear from Vermont Teddy Bear. Hopefully, we can attract some dads to become Shriners or Masons at this event! And we are looking for volunteers to staff the table. Please email me if you can take a shift at the Circus.

Again, if you are interested in serving on the Membership Committee or if you have any Mason that you know would be a great Shriner, please let me know!!

Lastly, I wanted to share that I received an email last night from one of the men who came to the Sportsman's Raffle and are not yet a Mason, and he said he was visiting a Lodge that night. This is proof that what we are doing is working, and we will continue to make good men better as Masons and then let them have fun for a cause with the Shriners!

Best Wishes,

John Young

Save Your Tabs!

What is the "Pull-Tab Collection Program"?

Pull-tabs, or pop tabs, from beverage cans can be saved and donated to the Moslem Shriners. The tabs are sold to a recycling company and the money collected is used to help Shrine Kids.

Why collect the tabs and not the entire can?

Aluminum has recycling value, and the tab is the only pure aluminum part of the can. The can itself can still be returned for the deposit in Michigan after the tab has been removed.

Where do you deliver the tabs?

Tabs can be dropped off at the Moslem Transportation Bus Garage in Clawson. Call the Garage to make arrangements to drop them off.
